# Substance Use Policy

Roll number: 20131D  
School Patron: Educate Together

May 2020

### **Scope of Policy**

This policy applies to students, staff members, users of the school premises, visitors, i.e. every person who enters the building. It is applicable during school-time – including breaks and to ALL school related activities. It applies to the school building and grounds and to any area where a school related activity takes place, e.g. School Tour.

### **Aims of Policy**

The aim of the substance use policy of Dublin 7 Educate Together is primarily prevention. We aim to protect our pupils from the harmful effects of substance misuse and try to prevent them from using tobacco, alcohol, solvents, legal and illegal drugs. We aim to develop in our pupils' better self-esteem, through providing a positive school climate and atmosphere and through giving our pupils age appropriate information from educational programmes.

### **Relationship to School's Mission, Vision and Aims**

The characteristic spirit of our school has been developed and agreed with our partners in education. This Substance Use Policy reflects the school policy by drawing together all staff, Parent/Guardians and Board of Management of D7ETNS.

### **Rationale**

#### **Why is this policy necessary?**

The world in which we live presents young people with many challenges, which affect their health and well-being. Exposure to alcohol, tobacco, drugs is part of this reality. The Education Act 1998 provides that schools should promote the social and personal development of students and provide health education for them. Reducing Harm, Supporting Recovery is a health-led response to drug and alcohol use in Ireland 2017-2025. It sets out the Government's strategy to address the harm caused by substance misuse in our society up to 2025. Schools need to reflect upon how they might provide for the needs of their student cohort and respond appropriately to what are sometimes sensitive and emotive issues.

### **Implementation Procedures**

Copies of the policy were distributed to Board of Management members for ratification in April 2020. When ratified and amended, copies were given to:

- All staff members
- Parents' Association
- School Community
- Available on our website

### **Timeframe**

This policy in its final draft was circulated to staff members, Parent/Guardians and Board of Management. It will be reviewed annually each May.

## **Monitoring and Review Procedures**

A record will be kept in school of all substance use incidents. A copy of this policy will be issued to all staff members and a reminder of its contents will be given at the first staff meeting of each year. A Board of Management member has agreed to take responsibility to monitor procedures annually and ensure they are being adhered to.

## **Policy Content** **Children enrolled in D7ETNS**

### **Management of Alcohol, Tobacco, e-cigarettes and Drug Related Incidents**

The policy committee members believe that young people are most at risk in relation to substance use in D7ETNS in recreational areas, on the way to and from school and at out of school related activities supervised by staff members of D7ETNS.

Incidents relating to alcohol, tobacco and drug use will be addressed and pupils may be suspended or expelled if involved in any drug related incident.

The school's shared understanding of a 'drug related incident' is:

- Any unusual or unbecoming behaviour resulting from intake or use of alcohol, tobacco, or drugs
- The sale or passing on of any alcohol, tobacco, drugs or illegal substance.
- The possession use or passing on of any medicine except as permitted by the school's Administration of Medicine Policy.
- The possession of alcohol, tobacco or drugs on school grounds or at school related activities
- The discovery of drugs or related items found on school property.

In Ireland, substance use education in primary and post-primary schools has been developed through Social, Personal and Health Education (SPHE). Our SPHE Plan and Policy supports our Substance Use Policy. Response to concerns from pupils and age appropriate information will be given using the following programmes

- Stay Safe – senior infants, 1<sup>st</sup>, 3<sup>rd</sup> 5<sup>th</sup> classes
- Walk Tall
- RSE
- Friends for Life

### **The reporting procedure for such incidents is:**

Step 1: Witness to drug related incident informs teacher/staff/Principal

Step 2: Principal inform Parents/Guardians

Step 3: Principal informs Chairperson of Board of Management

Step 4: Gardai informed depending on seriousness of incident

Step 5: Area Health Board informed for disposal of items.

Step 6: Designated officer for Tusla

Parents/Guardians will be involved by accepting the school's Code of Behaviour and Enrolment Policies. They will be informed of an incident involving their own child and will be asked to accept responsibility, co-operate with the school authorities and with the Gardai if necessary.

Parents/Guardians will be involved in incidents involving another child only if deemed necessary by the school authorities; if Parents/Guardians are aware that another child is involved in drug-related incidents under the scope of this policy they should inform the teacher, Principal or a Board member.

The role of the Board of Management is to:

- Ratify this policy
- Implement this policy
- Monitor and evaluate it
- To sponsor/provide training for staff members
- Make decisions involving critical incidents
- To deal with the media in the event of a critical incident.

This policy puts the following procedures in place to deal with an incident requiring medical intervention:

- 'Universal Precautions' will be applied, e.g. wearing of proper protective gloves etc., washing and making safe an area after an incident.
- First Aid training has been given to a staff member who is now qualified and certified to assist with medical emergencies
- Copies of all relevant phone numbers are in Appendix 1

The school has established an excellent rapport with the Bridewell Garda station and will invite representatives from the local Garda station to speak with senior pupils. Whether or not to inform the Gardai of minor incidents will be at the discretion of the Principal and the Chairperson of the Board of Management, but they will be involved in any serious substance use incidents.

At local level the following support agencies are available to which students involved in substance misuse might be referred:

- N.A. (Narcotics Anonymous)
- Child Care & Family Support Services
- Drug Education Officer
- Drug Helpline
- Juvenile Liaison Officer
- Community Garda

In the event of media interest in relation to a 'drug related incident', the matter will be referred to the Board of Management and the Chairperson will issue a prepared statement to the media.
